## BUSINESS MANAGEMENT AND DEVELOPMENT

### SUMMARY

Experienced restaurant, hotel and night club manager and business developer. The total experience in this field is already more than 10 years (since 2007). 50+ projects have been launched & developed for this period. Some of them are own invested business. Nowadays I'm the CEO of own 5 projects managing the staff of 250 persons and having practical experience of managing the annual revenue over 3 million \$. Moreover I keep successfully working as a business developer for other investors and as a staff coach. The total staff coaching experience is already more than 500 hours all over the country. Free English, German, Russian, Ukrainian, both written and oral. I offer turnkey solutions in the field of restaurants, café, night clubs, canteens and look for business investors and partners in this field. My practical experience in running my own business and other business connections in Ukraine can be also used in other business fields.
